Section 4: Minor School License Requirements and Information

Where can the student drive and at what times?

The student may drive without adult supervision between the hours of 5 a.m. and 10 p.m. for the following purposes:

- Drive from home to school(s) of enrollment or school sponsored activities using the most direct and accessible route. Activities must be at the school(s) the student is enrolled in.
- Drive to a school that is not their school of enrollment to participate in extracurricular activities. Activities must be in a contiguous (bordering) school district for a public school student or within a 50 mile driving distance for an accredited non-public school student and must be held at a site, facility, or school designated for the activity under a sharing agreement between schools or conducted at a site or facility that the school they are enrolled in has designated to accommodate extracurricular activities.
- Drive to and from their home to the closest school bus stop.
- Stop for fuel while on route or at the closest filling station off route.

The student may also drive at any time with adult supervision (same as instruction permit). Adult supervision means a parent, guardian, custodian, an immediate family member at least 21 years of age, a driver education instructor, or a person at least 25 years of age with written permission from parent, guardian, or custodian. The supervising adult must possess a valid driver's license.

Passenger restriction

When driving without adult supervision, the student may only carry one minor passenger that is not a relative. A relative means someone that is the student's brother, sister, step-brother, step-sister, or another minor living in their household.

No electronic communication devices

The student may not use a cell phone, smartphone, tablet, or other electronic communication or entertainment device while driving.

What happens if student gets a ticket/violation?

A minor school license will be suspended if the student is convicted of a traffic violation (including, but not limited to, speeding, reckless driving, failure to obey a traffic signal), violate any of the restrictions on the license, or is involved in a crash the student caused or contributed to.

First offense: license will be suspended for 30 days; \$20 reinstatement fee

Second offense: license will be revoked for 30 days; \$20 reinstatement fee; must reinstate to instruction permit for six months before the student is eligible for another minor school license.

Note: Any time you have a violation, or any time your license gets suspended or revoked, your six-month period to have a clean driving record will start over.

Eligibility requirements to advance to Intermediate License

The next level of the graduated driver's license program is an intermediate driver's license. To obtain this license, applicants must be at least 16 years old and hold an instruction permit (or instruction permit then minor school license) for at least 12 consecutive months and maintain a clean driving record for at least six consecutive months immediately before applying for an intermediate license. Intermediate driver's license applicants must also complete 20 hours of supervised driving including any driving completed in driver's education. At least two of those hours must be between sunset and sunrise.
