South Winneshiek Athletic Booster Club was formed in 1984 to preserve the athletic tradition at South Winneshiek. Money raised by the SWABC is utilized to support the athletic programs.

We believe the contributions from the SWABC to our Warrior athletic programs is a great investment in our student athletes and our community.

Without the support of your membership, we wouldn't be able to provide for our student athletes. The success of the SWABC is solely the result of its members. We truly appreciate your contribution!
